

# The Harry Windsor Ringing Centre

## St. Peter's Church Kineton

Courses from September 2010

### Listening Skills Workshop

There are two Listening Skills Workshop's planned for:-

Tuesday 21st September 2010 at 2pm                      8 places available

Tuesday 5<sup>th</sup> October 2010 at 7pm                      8 places available

Please contact [Angela](#) as soon as possible to book your place.

**\*\*\*There are only 8 places on each workshop so don't delay!\*\*\***

### Tower Maintenance Course

Provisionally booked for Saturday November 27<sup>th</sup> at 2pm

Please contact [Graham](#) if you would like to book your place on this course.

### Hand bell ringing

A full afternoon hand bell ringing taster session is booked for Saturday January 29<sup>th</sup> starting at 2pm.

Please contact [Graham](#) if you want to come along.

### Theory Sessions

If you are interested in learning about the theory of methods, please contact [Angela](#). Please state whether daytime or evening would suit you better. Courses will be arranged accordingly.

### 10 and 12 Bell Ringing Session

Separate 10 and 12 bell ringing sessions early 2011

Ever fancied ringing on higher numbers but never quite had the confidence to do it? Here's the ideal opportunity. Ringing on 10 and 12 bells is great fun.

Please contact [Graham](#) if you want to get involved.

## St. Peter's Church Kineton

### Integrated Teacher Training Course

Some of you will be aware that Pip Penney of the Central Council's Education Committee has developed an 'Integrated Teacher Training Scheme' to bring on the next generation of teachers of bell handling and elementary change ringing.

The scheme is based on modern teaching principles and includes a teachers pack, a mentors pack and other supporting material. It also includes use of 'Virtual Learning Environment' (Moodle) and should therefore be 'cool' for young people. It covers all the stages from the first bell handling lesson up to ringing P lain Bob Minor inside.

The Harry Windsor Ringing Centre at Kineton will be involved in this project and will be running a course with Pip on the Saturday 9th October

If anyone wishes to become involved in this initiative either as teacher or mentor, or wants further information, please contact [Graham](#) on 01926 641812

### Other Available Courses

#### **Individual Coaching or Tuition**

This may take the form of a practical session using the simulator to develop listening, conducting or method skills, help with rope handling or teaching skills.

#### **Visit as a Band for extra Practice**

The Centre is available for booking for any training event – including bands from other towers looking to use The Centre too for extra practice

#### **Quarter Peals**

Sustained practice to consolidate any learning is essential for any skill – Quarter peals are encouraged and The Centre is available for quarter peals on the simulator or using sound control.

### What do YOU want?

If you have any ideas for other subjects on ringing which you would like to learn about that hasn't been mentioned above, please contact [Graham](#) who will be delighted to help you.
